

# Attracting and Retaining Women in STEM Round Table

---

**Women in Biohealth Kick-Off Event!**

**Wednesday, Jan. 17th 2018 | 4:30-6:30 PM**

**University Research Park, 510 Charmany Drive, Room 50**

Join Women in Biohealth as we kick-off our initiative with a round table and networking event. Learn more about WIB's mission, collaborate on improving the talent ecosystem in Madison's biohealth scene, and meet other women in biohealth! Pick one of four tables covering the challenges Madison biohealth companies are facing when it comes to attracting and retaining talent in STEM.

Table topics will include: finding your place in the industry, understanding what biohealth employers are looking for, making career moves in the Madison area, and benefits of mentorship to your career and the biohealth community

## RSVP Today on Eventbrite!

### About WIB

---

Women in Biohealth (WIB) is an organization developed to support and create a network for professional women in biohealth in the Madison, Wisconsin area. Biohealth ranges from digital health, biotech, biopharma, medical device, health research, and much more. WIB provides a platform to empower and connect Madison's professional women.

### Connect With WIB

---

Join the Women in Biohealth - Madison, WI group on LinkedIn for updates!
